Give your loved ones a sense of independence and positive self-esteem

A Plus Caregivers provides friendly and compassionate care to individuals in their homes—helping them to feel more independent and better about themselves.

Who will be my Personal Care Worker (PCA)?

Your PCA may be a relative or friend—or if you choose, we can hire a PCA who will best fit your needs.

Why should I choose A Plus Caregivers as my PCA agency?

- You will get prompt personal support designed to meet your unique needs.
- All PCA are trained and carefully screened, including thorough background checks.
- Our PCA are matched to your loved one to provide the best care and work environment.
- You will have the opportunity to interview and choose your PCA.

How do I get started?

Are you looking for quality personal care services for a senior, a loved one who is ill or a physically challenged individual of any age?

We listen. We care.

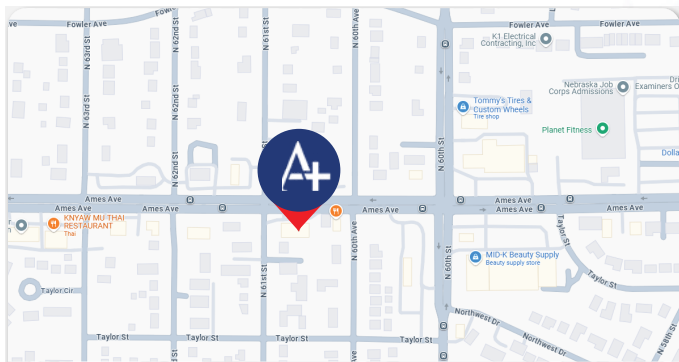

And we're here to serve you.

To assist with determining your care needs, a County Case Manager will visit you or your family member to identify your needs, develop a care plan and answer any questions you might have.

If you know who your PCA will be, we can send them an employment packet and complete their background study.

At A Plus Caregivers, our goal is to help ensure your loved one's dignity, comfort and independence.

Call our office at **(531) 366-2555** or email **support@AplusPCane.com** and we can check what services you are eligible for.
